

*Reboot Alternative Program – PHS*

*Sarah Mussetter*

Welcome to the world of Reboot! I am excited to start a new year with you and help you achieve your goals and get you one step closer to graduation. Here is a description of what this class will look like and what to expect this year.

*Teaching Methods:*

We will be using the Montana Digital Academy platform to assign you to an equivalent class as the PHS class you need to recover credit for. 75% of your final grade will be made up of your MTDA grade and 25% will be made of your attitude and effort in class.

*Behavior:*

You are expected to follow the Reboot class expectations at all times.

**\*Be Kind \* Use Time Wisely\* Don't Give Up**

**Three** tardies will result in a detention. If tardies continue or are sequential an administrator may be brought in to help straighten things out. Do your best to get here on time.

I am really excited for this upcoming year. I want this to be a comfortable place to learn and challenge yourself. I promise to be patient with you if you will be patient with me. I am eager to see the progress you make in your time here and I hope we can have some fun along the way.

Mrs. M
